### CIO Starts Political Campaign

Washington, July 2—(AP)—Organized labor today sharpened its political knife for senators who voted for the Taft labor proposals this week—and whose terms expire next year.

CIO President Philip Murray called on his 6,000,000 claimed members to start a campaign of political action now to "remove the obstructionists."

The administration's bill to repeal the Taft-Hartley act was wiped out when the senate adopted a series of amendments offered by Senator Taft (R-Ohio).

#### Murray Declares Scorn

In a letter front-paged by the weekly CIO news, Murray declared CIO's "scorn, contempt and unalterable opposition" to the "cynical and short-sighted men" in congress who, he declared, defied what he termed the voters' mandate to repeal the Taft-Hartley act.

At AFL headquarters, a spokesman called attention to a conference opening July 27 of AFL's political arm, labor's League for Political Education. It will talk 1950 strategy, he said, adding:

"We won't talk about individuals yet. But it should be pretty clear what our move will be."

In earlier statements, Murray and AFL President William Green indicated they have yielded all hope of salvaging President Truman's labor program this year. Both said they will take issue directly to the voters.

#### Tally Of Senators

A tally of senators "for labor" and "against labor" was carried by the machinist, organ of the International Association of Machinists. Independent, 13 of the "against" had asterisks by their names—the 13 whose terms expire next year if they are not re-elected. The 13 are: Fulbright (D-Ark.), Millikin (R-Colo.), Baldwin (R-Conn.), George (D-Ga.), Capehart (R-Ind.), Hickel (R-Iowa), Reed (R-Kas.), Tydings (D-Md.), Donnell (R-Mo.), Hoey (D-N.C.), Young (R-ND), Taft (R-Ohio), and Gurney (R-SD).

Baldwin is leaving the senate in December, however, to accept a judicial appointment in Connecticut.

## Senators Warn, Federal Deficit Limits Spending

Washington, July 2—(AP)—Senators George (D-Ga.) and Taft (R-Ohio) agreed today the government's \$1,811,000,000 deficit makes it essential that congress crack down on federal spending.

George, chairman of the senate finance committee, told reporters the excess of government outgo over income in the year ending last Thursday puts congress squarely up against some unpleasant monetary facts.

"If we are not going to be indifferent to fiscal realities this deficit constitutes the strongest possible reason for reductions in the appropriations congress is making for the New Year," George said.

In a separate interview, Taft said the red-linked treasury report re-emphasizes the necessity for economy in government expenditures.

George, who has opposed new taxes, said he favors a 5 per cent cut in spending.

On the other hand, Senator Robertson (D-Va.), a member of the appropriations committee considering the ECA bill, insists that there should and will be no drastic cut in the money for European recovery. Any such reduction would have a heavy impact on the American economy, he said.

### AGED BACHELOR BURIED IN TOMB HE HAD JUST DUG

Assaria, Kas., July 2—(AP)—John "Happy" Swenson barely got his grave dug in time.

The 77-year-old bachelor was buried yesterday in the tomb he himself had prepared only a few days earlier.

"If I don't dig this grave myself, no one else will," he said. He had no known relatives.

Swenson labored long and hard under a broiling sun to finish the grave which he lined with cement blocks. His strength failed as he neared the end of his task but he kept on. When the last block was laid, neighbors prevailed upon him to go to a Salina, Kas., hospital. He died a day later.

#### DIES OF INJURIES

Rockford, Ill., July 2—(AP)—Mrs. Anna Anderson, 58, of Rockford, died tonight of injuries suffered last night when she was struck by an automobile. The motorist was not held pending an inquest.

## Lee Scott Convicted Of Slaying Classmate

Roanoke, Va., July 2—(AP)—A Hastings court jury today found Lee (Buddy) Scott, 16, guilty of first degree murder in the church slaying of Dana Marie Weaver and fixed his punishment at 99 years imprisonment.

The young high school athlete heard the verdict calmly. Dana Marie, his classmate, was also 16.

Out 2 Hours, 15 Minutes

It took the jury exactly two hours and 15 minutes of deliberation to reach a verdict. The foreman, E. T. Pettigrew, indicated earlier the jury

was considering a first degree murder conviction when it asked Judge Dirk A. Kuyk whether life imprisonment would mean that Scott would be pardoned or paroled.

Defense Chief T. Warren Messick immediately made the customary motion to set aside the verdict.

Judge Kuyk said he would give Messick until Wednesday to make known the grounds on which his motions was made.

The verdict caused barely a ripple in the closed courtroom, where witnesses and public officials had heard Scott branded as "an unusual, cruel killer" by the state. This character, said commonwealth's attorney C. E. Cuddy, belied his outward spotless reputation.

Cuddy claimed that Scott tried to silence the girl after making immoral advances that night out of harmony with his reputation as an Eagle Scout. A singer in the choir of Christ Episcopal church and a youth leader.

The defense pictured him as a "fine young man" whose spotless life had been marred only by the tragic Mother's Day happening in the church kitchen. It contended that he struck and choked the girl in a "mental blackout" after she had made disparaging remarks about Jimmy Webb, a high school athlete who was a "hero" to Scott.

## Independence Day Addresses Pledge Continued Freedom

Washington, July 2—(AP)—High leaders of the armed forces are marking the nation's 173rd anniversary of independence with pledges that the military will continue to guard its freedom.

The civilian and military chiefs of the services scheduled a series of Fourth of July addresses over the weekend holiday. In addition displays of the nation's weapons will be made at "open house" visits for the public here and overseas.

Army Chief of Staff Omar Bradley, keynoteed the speeches in a talk yesterday at the Fort Leavenworth, Kan., Command and General Staff college in which he said:

"In the four years since V-J Day I think the advantage has swung to our side and that the aggressor, who was once a friend, is now on the defensive."

Air Secretary W. Stuart Symington, in an address to the Air Force Association convention at Chicago today, said "the ramparts we now watch are aloft—in the skies—on battlefields miles above the earth."

Admiral Louis Denfield, chief of naval operations, meanwhile said in a statement that Americans should pledge themselves "ever to further this spirit of cooperation so that a great and powerful world, formed of peoples joined in peace, will forever prevent another conflict."

# BEGGAR GETS JEWEL FORTUNE, DOESN'T KNOW IT

Cairo—(P)—A ragged beggar who pleads for alms in the shadow of the Pyramids had a fortune in stolen jewels. But he didn't know it. Police for months had been hunting \$80,000 in gems taken last summer from Mrs. Nahas Pasha, wife of the Wafd Party leader.

Finally they caught the thieves. After holding out until the police fed them a chicken dinner, they admitted they had given many of the jewels to a beggar named Buhluk. The jewels were wrapped in a package and the beggar didn't know what they were, they said. He had been instructed to hide them.

After questioning, Buhluk was released. "I just never got around to looking inside that cloth," he admitted ruefully.

## CLIPPED ANGEL

Copyright, 1949, NEA SERVICE, INC.

By Clive Grierson Cornish

THE STORY: Mike McTear, a mining engineer, in spite of his ideas about women mine operators, has agreed to help beautiful Cory Farrell find out why the mine she inherited from her father is not producing high-grade ore. Mike makes secret samplings and finds out that it disagrees with company figures. He tells Cory that the ore must be spirited out of the mine somehow and marketed through a dummy mine nearby. He sets out to find the dummy. He visits several places and finds that there is suspicious activity at the Argus Mine but this evidence is not conclusive. After visiting nearly every mine near the Black Angel, Cory's mine, Mike returns. It occurs to him that while he's investigating at the mine, the gang stealing the ore wouldn't operate—they'd sit tight.

XII

THE humor of the situation struck me as I drove back to the boarding house. If the gang couldn't afford to pinch Cory Farrell's high-grade ore while I was around, then everything mined would go into the mill.

And, if that happened, the mill feed would jump to \$15 a ton and everything would be lovely.

I grinned to myself at the thought of the fancy explanations that would be forthcoming.

Next morning, Friday, I dropped into Cory's office early.

"When do you get smelter reports on your concentrates?" I asked.

She pointed to a fat unopened envelope on her desk. "That will be for Wednesday's car."

I did a little figuring. "Then, for the car that rolled yesterday—that was Thursday—you'll get the figures tomorrow?"

She nodded.

"Could we get them today?" She studied for a moment. "If I phoned long distance this afternoon, I guess we could. But, why so curious? Getting the news early won't make it any better."

"It'll be good news."

"What makes you think so?"

"According to your mill-flow sheets it has to be. The \$15 ore I sampled on Tuesday night was mined on Wednesday. It was milled and concentrated on Wednesday night, dried, loaded, and shipped on Thursday. Q.E.D. Instead of running forty-five or fifty bucks to the ton, those concentrates'll run a hundred and fifty—three thousand bucks instead of one thousand—and as long as I'm around the mine all your cars will be that way."

works—Parboiled Parnell had looked on maps and surveys as silly things. Like most oldtimers, he relied on what he called a nose for ore, and judging from the results, in those early days he must have smelled it every 20 feet along the tunnel.

The ground was riddled with abandoned holes. The original No. 1 vein had long ago pinched out in barren rock, as had Nos. 2, 3, and 4 in the course of time, but the old drifts and connecting crosscuts and raises were still there.

They started about a hundred feet from the portal and nearly all of them had been allowed to cave in one place or another. They didn't interest me because I was looking for a hole in good repair that showed signs of recent use.

I went in the full 1700 feet along the haulage level to the working stopes and then turned around and started back, playing my lamp over every foot of wall surface.

There were dozens of side tunnels to keep me occupied. They had been driven for the same purpose as the caved ones near the portal—to follow up ore shoots—and always they ended up with a blank wall where the vein pinched out or was given up as not worth working.

I took time out for lunch and a phone call from Effie. The Argus outfit had two shareholders, who were also the directors.

Effie had tracked them down and they turned out to be a lawyer named Hennessy and his stenographer. That meant exactly nothing, because using a lawyer as a front is a frequent dodge in the mining game.

"Okay, Effie," I said. "Thanks for trying."

I hung up and went back to the mine.

### Miss Rentschler Becomes Bride Of Willis G. Terry

Miss Frances V. Rentschler, daughter of Mrs. H. B. Rentschler of this city, and Willis G. Terry, son of Mr. and Mrs. R. A. Terry of New Christobal, Canal Zone, were married on Saturday, June 19, in the chancel of St. Luke's cathedral in Balboa, Canal Zone.

The double-ring ceremony was performed by the Very Rev. Raymond T. Ferris, dean of the cathedral. The wedding marches were played by the church organist.

The bride, wearing an aqua crepe afternoon dress, was given in marriage by Mr. H. B. Rentschler, father of the bride, and a corsage of white orchids and gardenias completed her costume.

Mrs. E. H. Terry, the matron of honor, wore a dusty rose crepe frock with black accessories and a corsage of gardenias. E. H. Terry was best man for his brother.

### SIGNS AT LAGRANGE LOCKS DON'T REALLY MEAN WHAT THEY SAY

Beardstown—Those "No Trespassing" signs erected at the LaGrange locks two weeks ago really don't mean what they proclaim, says Daniel Ballard, locks superintendent.

"They are safety measures. We haven't chased out any fishermen yet. It just means they fish at their own risk. We don't want to be responsible if someone fell in and was pulled to the bottom by the strong current."

Before the signs were placed hundreds of fishermen lined up on the dam to catch perch, catfish and some carp. Anglers from a wide area liked the spot.

Congressman Sid Simpson heard of the signs and wrote Major General Lewis A. Pick, chief of engineers, asking him to work out some plan whereby the fishing ban could be lifted.

If you were a South American Indian from the upper Sipi River in western Colombia, your "savings" would consist of sun-dried cuca leaves, which you would be most careful to dry. Dried cuca leaves have a market, or "savings" value because when they are chewed they make you almost tireless at work — constantly adding to your strength.

Savings at Jacksonville Savings & Loan Assn. are somewhat like cuca leaves. They constantly add to themselves by earning a profit. And too, they "stand by you" in time of need.

## Father Schmieder To Mark Silver Jubilee Monday

Jerseyville—Special observances of the silver anniversary in the priesthood of Father Justin Schmieder, O.F.M., will take place Monday when the jubilee will be celebrated at a solemn High Mass at his home church St. Mary's in Westwoods, at 10:30 (DST).

St. Mary's choir has prepared a new Mass for the occasion. Friends of Father Schmieder and his family are welcome to attend the services. Visiting clergy at the celebration Monday will be guests of the Schmieder family, at a basket dinner.

Father Schmieder is the son of the late Mr. and Mrs. Joseph Schmieder and was born and reared in the Fieldon vicinity. He received his elementary education at West Woods and later attended St. Joseph's Col-

lege at Quincy for four years. He was ordained to the priesthood by Right Rev. J. J. Clennon, D.D., at St. Anthony's church in St. Louis, June 27, 1924. He studied for a year in Rome and then went to China where he was a missionary for seventeen years.

During World War II he was prisoner of the Japs and was in a concentration camp for twenty months. Father Schmieder was returned to this country on the exchange ship, Gripsholm in December, 1943. Since his return to America he has had various assignments in church and hospital work.

## Program Given At 4-H Meeting

An interesting program, which included several talks and demonstrations, was presented at the meeting of the Chapin Top Notchers 4-H Club.

Included on the program were a talk on "Hems" by Doris Jean Joy; demonstrations, "Preparing Raspberries for the Locker" by Donna June Ommen and "Equipment for Making Cookies" by Martha Thomason and Marion Delrick; "Good Posture" by Lois Ann and Jeanette Joy; and "Ten Cunes of Fire Prevention" by Carol Lakamp.

The meeting opened with the pledge to the flag led by Martha Thomason, followed by group singing of "De Camp Town Races" and "Beautiful Dreamer." The stories of these songs were read by Donna June Ommen and Sharon Fouts, respectively.

## Marriage License Business Sharply Off Last Month

For some reason the marriage license business in Morgan County won't parallel the national trend.

Back in June of 1946, when practically everybody in the country got married, County Clerk George T. Douglas sold 47 licenses. There was a fair drop throughout the nation the next year, but the Morgan office jumped to 51 during the marrying month.

Although 1948 was a leap year, another drop was recorded in the United States. But it was different in Morgan. A new high was attained last June when 53 couples signed the marriage license register.

But business was pretty bum last month; only 34 marriage licenses were issued at the courthouse. County clerks all over the country say business was off about 14 percent, far less than the local decline.

Life insurance statisticians say "one reason for this year's decline is marriages is the depletion in the supply of eligible men and women through the remarkably high marriage rates of the immediate post-war years. Among those eligible to marry, especially the divorced, the rate continues at a high rate."

Which seems to be the situation here.

## 150 Communities To Hold Soap Box Derbies This Year

Thousands of eager boys will compete for the first time in new, official Soap Box Derby races in 14 American towns and cities, as the Derby is run this summer in a total of 150 communities from Alaska to Panama.

The All-American Soap Box Derby is sponsored annually by the Chevrolet Motor Division, and locally by a leading newspaper. The final event, to select a national champion from the 150 local champs, will be held at Akron, O., on August 14.

Among the 14 new communities to stage official Derby races are such large cities as Seattle, Wash., with the Post-Intelligencer as sponsor, and Baltimore, Md., with the Sunpapers sponsoring. Also included as a new city is Dayton, O., where the race is sponsored by the Daily News. The Soap Box Derby was founded in Dayton in 1934, but no race had been held in that city in recent years until 1949.

Four states in which there has been no official Derby until now are included on the list of Derby states this year. These are North Dakota, with new races at Fargo and Grand

Forks; Florida, with a race at St. Petersburg; Louisiana, with a Derby in Shreveport; and Oklahoma, with a new Derby at Muskogee.

With these additions, an official Soap Box Derby is being held this year in 40 of the 48 states, as well as two in Canada and in Alaska, and one in Panama.

Other new Derbies are at Greeley, Colo.; Laredo, Texas; Lynchburg, Va.; Manchester, N. H.; Spartanburg, S. C.; Wenatchee, Wash., and Marion, Ohio.

### CHICAGO LIVESTOCK MARKET REPORT

Chicago, July 2.—(AP)—Hog quotations ranged from \$15.25 to \$21.75 today. Cattle prices also were nominally unchanged. There were no sheep offered for sale.

A decline in wholesale pork prices and an increase in receipts sent live hogs down this week. Pork loins lost \$3 to \$5 and Boston butts \$1 to \$2 in wholesale trade. Butcher hogs fell 25 to 75 cents while sows, comprising nearly 50 per cent of receipts, tumbled \$1 to around \$1.25.

A pattern similar to that in hogs also developed in cattle. Live animal supplies increased while dressed beef prices declined. Price movements on steers and heifers were erratic during the week, but at the close these offerings were going at steady to 50 cents lower quotations. Top for the week was \$28.

Prices in the sheep section fell to

### HEDGING PRESSURE SENDS WHEAT DOWN; OTHER GRAINS FIRM

Chicago, July 2.—(AP)—A mild amount of hedging pressure sent wheat slightly lower on the Board of Trade today. The bread grain also was influenced by declines of 1 or 2 cents for cash wheat at major terminals. Local traders were inclined to get out of the market over the holiday week-end.

Wheat drew some support at one time on trade reports that the commodity Credit Corporation had bought wheat in Southern Illinois

### Double Plays Are Made Only By Good Pivotmen

Written for NEA Service By Joe Gordon

Without a good pivotman a double play cannot be made. Without double plays a club will win few close games.

With a double play in sight—men on first and second, or a man on first with one or none out—you will note the second baseman playing closer to the bag to give himself more time on a bad throw.

On a perfect throw, my right foot tags the base from the rear as the ball is being caught. With the weight on the right foot, the throw to first is made immediately.

On a throw to my right, I shift to the right of the base, with the weight on the right foot. I step on the base lightly with the left foot, catch the ball and throw.

On a throw to my left, I step across the bag, and to the left with the left foot. The right toe is dragged across the bag as the ball strikes the glove. This shifts the weight to the right foot, leaving me in position to throw.

A strong point in a second baseman is ability to go far to his right in fielding the ball. Can he recover, and still make the throw?

Slides Along With Ball

On balls hit deep to their right, the best second basemen acquire the knack of sliding along with the ball despite slippery shoes. This saves time, leaves them in position to throw.

Note that the first step in going after a ball is a crouching step. This eliminates a needless half step, saves precious time.

Note that the legs are well spread when an infielder is fielding a ball, the right foot back, the glove right on the ground. The bending motion is from the knees, only slightly from the waist.

An accomplished second baseman throws underhand, sidearm or overhand, depending on the situation.

When conditions foretell a possible steal, watch the second baseman move closer to the base. He should take the throw in front of

### Cleveland Drops 4 To 2 Decision To St. Louis

Cleveland, July 2.—(AP)—The Cleveland Indians were unable to hit effectively today and dropped a 4-2 decision to Karl Drews and the St. Louis Browns.

Drews had to retire in the ninth inning when he was seized with an attack of wildness. Ned Garver got the Tribe out after allowing one hit and two runs. Bob Lemon was the loser.

Rookie Roy Sievers nailed the victory in the ninth with a three-run homer.

Pitching his first victory since May 11, Drews was well in command until he got his final inning jitters. He allowed the World Champs only three hits.

Lemon gave a fairly good account of himself until that last inning.

Up to then, the Browns had only one run, an unearned marker in the third inning due to Shortstop Ray Boone's wild throw to first base.

Miss Lindsay withstood a brilliant rally by Betty Mackinnon of Mt. Pleasant, Tex., 2-up to gain the finals and Miss Rawls dropped Polly Riley, Fort Worth, Tex., two-time champion, 2 and 1. Lindsay and Rawls have never met before in a tourney.

Tomorrow's finals will be over the 36 hole course, with the morning round starting at 9 a. m. (CST) and the afternoon round at 2 p. m.

The Lindsay-Mackinnon match, old timers said, brought some of the best golf they had ever watched on the 6,300-yard Lincoln Country Club course. Miss Lindsay played her 18 holes in 74, five under women's par which gave her a record under par for 90 holes of play in this tourney.

The Decatur girl has never been over par for any round in the tourney.

Today it was her unflinching ability to meet or better par that saved the match for her in the face of a rally by Miss Mackinnon that was as hot as the 86-degree temperature.

## DiMaggio Drives Home Four Runs As Senators Lose

Washington, July 2—(P)—Joe DiMaggio celebrated his appointment to the American League's All-Star team by driving home four runs on a pair of singles today to feature the New York Yankees' 10-2 blitz of the Washington Senators.

DiMaggio has slammed home 13 runs in five games and has hit safely in 18 straight games over a two year span.

The Clipper, named to the dream team by manager Lou Boudreau, All-Star pilot, singled across two mates in the first to spark a three run rally. He drove in two more in the eighth.

Gerry Coleman and Gene Woodling led the Yanks' 15-hit attack against Sid Hudson, Mickey Haefer and Dick Welteroth with three safeties a-piece.

Lefty Tommy Byrne went all the way for the Yanks.

## GOLFING KNOW-HOW

By Bob Munk

Instructor Munk this week tells the golfing aspirant which hand does what and why when driving the tiny oval—Editor.

The left hand and arm control the path of the club and the right hand applies the power. Both must work together to get good results when golfing.

By swinging the left arm alone along the path it follows during the swing it can be felt that power cannot be applied in this manner. Do this with the right hand and you can feel that the right hand is in a position to deliver a lethal blow.

The left arm must do its share by keeping the club in its right path and the left hand must also keep the club face at right angles to the line of flight at point of impact. To do this, it must keep traveling with the right hand.

The right hand delivers the blow in much the same manner as it would throw a baseball. The blow must come all the way from the top of the backswing.

There is no added push at the moment you meet the ball—just as when throwing a baseball, you wouldn't give an added push before releasing the horsehide.

## Joe DiMaggio Named On All-Star Team

Chicago, July 2—(P)—Joltin' Joe DiMaggio, in a roaring comeback after being a fixture among the New York Yankees' halt and lame, will be back doing business as usual at the All-Star stand in Brooklyn July 12.

The re-winged Yankee clipper today was named to the American League squad for baseball's major league classic in a special appointment by All-Star Manager Lou Boudreau of the Cleveland Indians.

DiMaggio, named to 10 previous All-Star contests, didn't get a tumble in the recent poll of 4,637,000 fans for the simple reason that the "grandstand coaches" figured the only way he could get to the game was in a wheel chair.

So Boudreau used his prerogative of selecting whomever he chose beyond the eight non-pitching starters picked by the fans.

Boudreau, in a statement released through the American League office, emphasized that picking outfielder DiMaggio was just a matter of honoring a great player. He invited Di Mag to join the squad more than two weeks ago, well before Joe bounced out of the crippled list with his big war-club booming this week.

"DiMaggio said he would like to be on the All-Star squad," explained Boudreau. "I felt he belonged on it, even though he had not played because of injury (for the Yankees first 65 games), and I wanted him on the team I'm to manage."

"He's a great star who deserved to be named this year just as he deserved to be named to 10 previous teams."

Under the mandate of the fans, Boudreau must play the outfield of Boston's Ted Williams and Dom Di Maggio in left and center, and New York's Tom Minton in right for the first three innings.

Thus, the prospect is that Big Joe will come into the game as a replacement for "little brother" Dom, who did a whale of a job maintaining DiMaggio's prestige during Joe's injured-heel convalescing respite.

DiMaggio's skein of All-Star selections, since he came up to the Yankees from the San Francisco Seals in 1935, was interrupted only by the war when he was in service, 1943-44. He was on the squad, but failed to play, in 1946 and last year appeared as an All-Star pinch-hitter.

Evansville, Ill., July 2—(P)—Authorities today were seeking a missing Glendale, Calif., school teacher after her purse was found near an Evanston Lagoon.

Detective Ed Fitzgerald said the purse contained the names of a woman identified as Martha J. Rosenberger and Jane Rosenberger, 49, of Glendale. He said she had been living at the North Shore hotel in Evanston until June 6, but that hotel officials did not know her present whereabouts.

Fitzgerald quoted Miss Rosenberger's sister, Mrs. Beulah Dery, of East Chicago, Ind., as saying the Glendale woman had been suffering from a nervous breakdown.

GRAHAM, ALBERT TIE FOR MOST VALUABLE GRIDIRON AWARD

New York, July 2—(P)—Otto Graham of the Cleveland Browns, and Frankie Albert of the San Francisco 49ers, a pair of T-formation quarterbacks, will share the designation of most valuable player in the All-America football conference for 1948.

The result of the coaches poll, announced today, gave each four votes. As a result each will receive an individual trophy and both names will be inscribed on the league's permanent trophy. Graham was voted the most valuable in the 1947 season.

MODELING ONLY DRESS REHEARSAL FOR REPORTER

Des Moines, July 2—(P)—When an Iowa newspaperwoman last February modeled a wedding gown which was a French "Meri Train" gift to Iowa she didn't realize it was a "dress rehearsal."

But Mary Louise Sullivan is going to wear the dress again—this time for her marriage here tomorrow to Hans Hinrichsen of Elvira, Ia., to whom she became engaged after the train passed through.

The dress was loaned Miss Sullivan for her own wedding by the city of Clinton which was presented the garment from the carload of French gratitude gifts.

The dress, of brocade satin, was designed by a Lyon, France, couturier and was the gift of "Mdm. Charvet and Ladous of Lyon."

Local softball is picking up momentum as a new calendar page is torn off, revealing July with all its heat and humidity. Although summer showers come and go as erratically as an itinerant rod-rider, they've held off for a few nights and allowed Jacksonville softball teams to get in some good ticks.

Rain threatened to enter the picture Friday night at the Southside ball park when the Myers and Moose clubs began their infield drill. However, Hattie Dixon and his Moose-men must be living right since the weatherman decided to play ball and saw the Moose dump the clothes highly touted aggregation 2-1.

Now—if I can weave through all this introductory stuff, and get down to the facts—I'll try to give the Recreation Club a boost and tell you fans something of what's in store as far as the softball picture is concerned over the Fourth of July holiday.

The Fourth of July proper will be observed with a pair of fast softball exhibitions at the Southside stadium. The surprising Moose outfit will tangle with a New Berlin nine in the 7:30 preliminary while the local Implement Dealer and Myers Bros. clubs will meet in the 8:45 feature affair.

The "A" league pennant race is tied in a three-way knot between the Moose, Myers and Dealer softballs—Fans will have a chance to see all three of these teams in action if they choose to stay off the sweltering highways and remain at home to do their celebrating.

A Donkey game has been carded for Wednesday, July 6. Local "B" league entries will provide the riders for the four-legged comedians. The V.F.W. and Merchant outfits have volunteered to stage the exhibition.

When Johnny "Doc" Marsh fractured his ankle in the Ruh & Durocher-Nesco "B" league fracas Friday night, it marked a climax to a season of bad luck at the Southside park. "Ed" Eftimoff-Elks pitcher was the first to suffer a gimpy game. Then, only Thursday night, Jim McGrath—K. of C. outfielder—sustained a badly sprained ankle when he slid into third base. Maybe Donkey ball isn't such a bad idea after all. If the players keep their seats, they can't possibly suffer injuries on the basepaths.

Willard Marshall tagged Minner for a three-run circuit drive in the fifth. Minner dug his own grave by walking Johnny Mize and Gordon before Marshall tied off. Erv Pelica relieved Minner after Marshall's blast and blanked the New Yorkers the rest of the way on one hit to even his record at 3-3.

# Bomb Specialist Questions Theory Of 'Atomic Blitz'

Washington, July 2 — (AP) — It would take as many as 6,500 atomic bombs to totally destroy the cities of a major military power, an authority on strategic air war said today.

The estimate came from Dr. Stefan T. Posony, a specialist on bomb target selection for France during the first part of the European war, later a psychological warfare expert for the United States Navy after the fall of France.

His calculations on the enormous number of A-bombs required coupled with a detailed analysis of the limitations as well as capabilities of existing bomber fleets, questions the theory of an "atomic blitz" to defeat an enemy in a quick war. He cautions that "the destructiveness of a weapon is dependent on the quantity in which this weapon can be made available."

Posony, currently lecturing on military subjects at Georgetown University, set down his views in a volume on "strategic air power for dynamic security," published by the Infantry Journal.

# Live Stock Price Trend Lower On Cautious Buying

National Stock Yards, July 2 — Livestock markets charted a downward price course during the week under a slight increase in receipts and conservative buying in some quarters, according to the Producers Livestock Marketing association. Pre-holiday trading in cattle was particularly dull.

The hog market held up fairly well on butchers 230 lbs. down but heavier weights and packing sows were affected adversely by a drop in lard values. For the Monday to Friday period handy weight butchers hogs figure steady to 25 cent cwt. lower, heavier weights 25 to 50 cents reduced and sows 75 cents to \$1.75 down, most loss on the heavier weight.

Hogs Friday topped at \$21.75 cwt. early, although a few late had to stop at \$21.25. Packing sows 450 lbs. down finished at \$15.25 to \$17.00; heavier weights \$11.50 to \$13.00.

In cattle there was a seasonal widening of the price spread as good and choice steers and heifers closed about 50 cents reduced and cutter, common and medium grades slumped \$1.00 or more. Cows and bulls held about steady until on the close when the market was under considerable buying pressure. As a matter of fact, all cattle and calves experienced an extremely narrow demand in the Friday session and some offerings were put under the sheds to be held for Tuesday's trading. High good and choice steers topped for the week at \$27.00 cwt., with a small lot reaching \$27.50. The closing peak for veal calves was \$26.00.

The lamb market shared in a lower price trend as springers dropped 50 cents to \$1.00 and old crop offerings sold off \$1.00 to \$2.00. No particular change was indicated in ewes. Best spring lambs on the close topped at \$25.50. After holding steady for five days, veal calves dropped \$1.00 in the Friday session.

A weak undertone characterized the wholesale meat trade, with New York reporting a fair cooler clearance, but Chicago having some stocks on hand late.

# Progressives Seek To Oust Sawyer

# Apparel Sales Down 14 Percent

Champaign, Ill., July 2 — (AP) — Retail sales in Illinois apparel and dry goods stores in May dropped 14 per cent below the April level and five per cent below May, 1948, a University of Illinois survey showed today.

In its monthly study of more than 100 small apparel and dry goods stores, the U. of I. bureau of economic and business research noted increased charge and installment sales during May. The survey also showed a decrease in the rate of collections.

# Tribune Still Broadening New Spelling Philosophy

Chicago, July 2 — (AP) — The Chicago Tribune announced a new step in its modified spelling philosophy today.

For some time, the newspaper has been using simplified spelling for certain words such as "frate" (freight), "catolog" (catalog), and "epilog" (the). "tho" (though); "thru" (through), and "thoro" (thorough). Today the Tribune, remarking that such words have become familiar to its readers, embarked on broader changes in its campaign for "sane spelling."

Words using the syllable "soph" will appear with an "f" in place of the "ph," like this—"sophomore, sofistry, and so forth. Biography will be spelled like that.

If a word has more than one syllable and ends in "ff," new spelling sophisticates will drop that last "f,"

as in rifraf. Balfif, mastif, midrif, plainrif and distaf will now make their appearance in the Tribune. However, puff, cuff, and scuff—one-syllable words—will remain the same. One other thing: time will take the place of rhyme.

All the changes, the paper said, appear in Webster's new international dictionary as a secondary choice, except "tarif." This is added to the Tribune list "for consistency," the newspaper explained.

One seeming inconsistency lies in the Tribune's spelling of such words as "photograf" and "philosofier." Why the "ph" at the start and the "f" in the middle? Well, the paper says, it doesn't want to change the beginning letter of a word. Suppose it looks unfamiliar, how could you find it in a dictionary?

Fred M. Saigh, Jr.

Saigh is also president of the Railway Exchange Building, Inc., and executive vice-president of the Locust-Ninth Realty Corp., which owns the block between 9th and 10th and Locust and Olive streets on which the Scruggs-Vendervort-Barney department store is located in St. Louis. He is a member of the American and Missouri Bar associations.

# Enthusiastic Baseball Fan

An enthusiastic baseball fan for many years, Saigh has always been interested in the progress of the Cardinals. The opportunity to become owner of the vast Red Bird organization fulfilled one of his long-time ambitions. A Cardinal world championship and equivalent successes by the many Cardinal minor league clubs are his next aims.

A member of the Episcopal Church, Saigh married Elizabeth Lewis in 1943. They now live at the Sheraton Hotel in St. Louis.

The meeting will be held at the Dunlap hotel. Those who wish to attend can purchase tickets from Ben Montee, George Horton, Ed Bargery, Emmett Barton, and Walter Bellati.

# Navy Recruit Found Slain Near Tavern

Rockville, Md., July 2 — (AP) — An 18-year-old Navy recruit was found slain near here today a few hours after police discovered a blood-stained automobile in the Potomac river in nearby Washington, D.C.

The sailor was identified as John J. Little of Loretto, Pa. He was granted leave May 12 after completing boot training at Great Lakes, Ill.

Montgomery county coroner F. J. Broschatt attributed death to hemorrhage from a fractured skull. Five skull fractures were evidence of a "blunt beating," he said. The coroner fixed the probable time of death at 12:30 a.m. (central standard time).

At 7:30 a.m., Eli Alper, a tavern owner, found Little's body lying face down beside his place of business two miles north of here on U.S. Route 240.

Washington and Montgomery county police sought evidence to connect the abandoned car with the sailor's slaying.

# Justice Officials Cut New Pattern In Coplon Trial

Washington, July 2 — (AP) — The Judith Coplon case has cut the pattern—the justice department is carrying through in such spy cases no matter if it gets hurt doing so.

The government was forced to dump carefully guarded secrets before the eyes of the world, or see the case against its onetime employee thrown out of court.

Attorney General Tom Clark personally made the tough decision. He said privately at that time: "I will not drop cases against people I believe are trying to destroy the government."

His position, described today, was this: 1. Abandonment of the Coplon case would have been an open invitation to any nation wanting to spy on the United States to get agents on the government payroll.

2. It would have encouraged any federal worker who might want to copy or remove secret data passing through his hands. The worker would have felt that the more secret the material, the safer he would be from prosecution.

# Bible School Will Be Held July 5-15

The injured youths, who formerly attended school here were: Paul Gunther, 22, of Forest Park, Ill., who graduated in 1947; Daniel Broderick, 21, of Chicago, a member of the 1948 graduating class and Howard Liebert, 21, of Batavia, Ill., who left ISD in 1945. The dead were Dale H. Porter, 60, and his wife, Isa D., 59, of Kalamazoo, Mich. A grandchild of the couple was very seriously injured. Another grandchild, the fourth occupant of the fatally stricken auto, was also badly injured.

The six injured persons were taken to the Copley Memorial hospital in Aurora where they were reported suffering from fractures, lacerations and shock.

The accident occurred at the intersection of highways 34 and 47, 12 miles west of Aurora.
